West Valley City, UT 84119

Maximum class size: 20

\$50.00 deposit will hold your place in the workshop

\$15.00 materials fee due at time of workshop

A Parallel Threading is the Weaver's Playground

A parallel threading can provide a weaver with a multitude of options and patterns—from echo weaves and corkscrew twills to turned taqueté and network-drafted twills. Add weft variations in color and texture and weavers will find themselves in a playground of possibilities. Workshop participants will pre-warp their loom from a selection of threadings and during the workshop enter into a journey of discovery and exploration of how to transform a parallel threading into a myriad of patterns. The workshop is a combination of presentation/discussion, weaving, and hands-on exercises. Emphasis will be on understanding the design and drafting processes to empower workshop participants to create their own patterns. (This is not a round-robin style workshop. Participants will weave on their own looms.) 4-shaft looms are required, and 8-shaft looms are highly recommended.

For intermediate to advanced weavers (and adventure-seeking beginners
